Why Would You Need to Call 1-(844)-422-6922?

Capital One Travel operates its own booking portal (powered by Hopper technology) designed for Capital One credit card holders—such as those with the Venture, Venture X, Savor, or Spark Miles cards. While many trip updates can be completed through your online account, specific travel issues require direct intervention by a live phone agent.

Calling **1-888-620-1759** or **1-888-620-1759** connects you with specialists who handle the following key services:

1. Capital One Price Match Guarantee Claims

Capital One offers a **24-hour Price Match Guarantee**. If you book a flight, hotel, or rental car through Capital One Travel and find a lower price for the exact same itinerary on another public U.S. website within 24 hours, you can call **1-888-620-1759**.

- An agent will verify the lower price live while you are on the phone.
- Once verified, Capital One issues a travel credit for the price difference.

2. Managing Flight Disruptions and Delays

When an airline delays, reschedules, or cancels a flight, navigating rebooking can be complicated. Calling **1-888-620-1759** puts you in touch with agents who can view alternative flight options, issue airline travel credits, or initiate eligible refund claims.

3. Modifying or Canceling Hotel and Car Reservations

While hotel changes depend heavily on individual property policies, many refundable bookings can be adjusted or canceled over the phone. If you run into issues managing a reservation online, contacting **1-888-620-1759** or **1-888-620-1759** ensures an agent can coordinate directly with the hotel or rental car agency.

4. Redeeming Travel Credits and Rewards Points

Capital One Venture X and Venture X Business cardholders receive an annual \$300 travel credit. If you have questions about applying this credit, tracking non-expiring price protection credits, or troubleshooting unused airline credits, customer service at **1-888-620-1759** can walk you through your account balance.
